Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL
STUDENT'S RIGHT TO CANCEL AND REFUND POLICY

TLS has adopted the following refund policy which will apply to this agreement. If a student cancels enrollment within five days of student's execution of this agreement, the school will refund all money paid by student.

"Enrollment" for refund purposes is considered to have become effective upon execution of this agreement by student. Should student cancel this agreement within 14 days after the start date of the current academic year, the school will refund 100% of tuition charges paid by the student. Refunds are calculated on a prorated basis, based on a fifty-two (52) week academic year. The prorated amount is 2% per week up to 60% of the academic year. Thereafter, if a student withdraws or is dismissed, the student shall be entitled to a pro rata refund of tuition charges up to thirty weeks from the date of enrollment. No refunds are payable after week thirty and refunds are not payable for completed courses. For refund calculation purposes, any withdrawal shall become effective on the date student notifies the school, in any manner, of student's intent. However, for the withdrawal to be effective, students must follow the procedures set forth in the "Notices" section of this agreement. **Dismissals shall be effective on the date such action is taken by the administration or when a student fails to maintain the academic standards set forth in the student catalog, whichever shall occur first.** As an example of the refund policy: a student started their academic year on July 3, 2024, paying tuition in the amount of \$10,080.00 and withdrawing on September 11, 2024 (a period of 10 weeks) without completing any courses would receive a refund of \$8,064.00, (\$10,080 multiplied by 80%. On September 11th, 80% of the academic year remained). Refund computations are based on the total tuition obligation, not the amount of tuition previously paid. Unless otherwise noted in writing, other school fees are non-refundable. The school will issue refunds pursuant to the above conditions within 30 days from the date the withdrawal notice is received by the school. If a loan was obtained to pay for tuition, it is student's responsibility to repay the full amount of any loan plus any interest. The student is advised that some financial institutions require TLS to repay any refunds due directly to the lender and the student expressly authorizes the school to comply with such requests.
